

# Happy Spring Wine Club Family!

The weather is warming up and the vines are thriving. During this time of year we get to watch the incredible transformation of the vines as we witness bud break and the growing canopy. If you have been to the winery lately you can see the progression of the vines and the baby grapes. They are so cute.

We are excited to share the new selection for spring since it contains family favorites. Our 2021 Salute is a beautiful ruby color and very well balanced blend. Excellent to be paired with a variety of spring dishes. Our MotoDoffo Gran Tinto selection is a wonderful Zinfandel blend. It's got the jammy fruit we love and the finish that tantalizes the senses. The Gran Tinto will also pair with a variety of fresh spring dishes as well as a good moto event. If you are a Legacy member you will also be enjoying the 2021 Syrah which is perfect for those sunset dinners as the weather warms. It is full of ripe fruit with a lingering finish.

We are gearing up for summer with fun events and warm nights. Keep up to date with all our Doffo adventures on our social channels and be sure to stop in and say hello. As many of you know our wine club releases are now 4 times per year. If you joined us prior to October 2023 you can opt in for the upcoming 4th release. Don't miss out on an exclusive limited members only wine. (Pssst...It's going to be a Cab Franc this year!)

Be sure to let our wine club manager know if you have not made the switch yet. As a family we are always grateful to have a growing wine club family. We love making wine to share and we put our hearts into producing a quality product year after year. Thank you for continuing to allow us into your homes.

Have a wonderful spring!

Salute!

Marcelo, Damian, Brigitte, and Samantha
